Essentials

brackets

Essentials brackets from TOC are carefully made of advanced 17-4 nickel alloy using MIM technology which gives you brackets of extreme precision and strength for reliable and predictable performance.

from only
60p
a bracket!

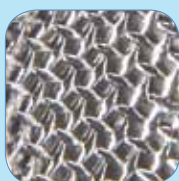

Giving you many of the benefits of more expensive brackets, why not start using Essentials and lower your bracket bill?

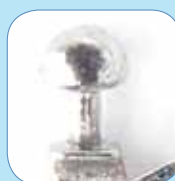

Centre scribe line
easy and accurate bracket placement in line with the long axis of tooth

High gingival tie wings
on bicuspid for tissue avoidance, easier ligation and better hygiene

80 Gauge mesh pad
compound contoured diagonal mesh pad for maximum bonding strength

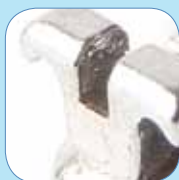

SecureLok hooks
great for securing chains and accessories

Metal Injection Molded (MIM)
allows for an intricate and smooth design

Rounded tie wings & low profile
for patient comfort & minimum occlusal interferences

CNC milled & ultra low friction slot
advanced polishing process creates mirror finish by removing high surface peaks
