

Chewies™

A simple solution for properly seating aligners

The aligner Chewie provides a soft chewing device the size of a cotton roll that can be dispensed to patients being treated with plastic aligners. Chewies are a cleaner, more professional alternative to cotton rolls and they provide uniform force in a specific area of the mouth where needed. Packaged in individual patient bags (10 bags of 2 Chewies each) or in a bulk bag of 25.

Ortho ReadyBrush™

Deluxe pre-pasted disposable toothbrush

Nothing can be simpler! The refreshing mint toothpaste is activated by just wetting the soft, rounded DuPont Tynex nylon bristles.

The bristles are V-cut to provide thorough cleaning without interfering with orthodontic appliances and gripper bumps provide extra comfort.

Individually wrapped and hermetically sealed, the Ortho ReadyBrush is designed to be taken anywhere and is perfect for pre-appointment brushing.
