

Nitom² Locking Facebow

- The Nitom locks the face bow into the buccal tubes which greatly reduces the risk of injury to your patients
- Patients can easily remove Nitom or lock it safely in place
- Fits most standard tubes
- Designed by British orthodontist Russell Samuels
- New and improved with laser welded construction

750gm Heavy..... 550-111
Price £21.95 pack 10

Hamill Safety Facebow

The sharp distal ends of conventional facebow inner arches have caused numerous injuries, some severe. The rounded distal ends of our Hamill Safety Facebows protect against both intra and extra oral injuries. In addition, the easy spring action of the Hamill reduces the possibility of loose bands and makes insertion simple. Developed by Dr. Maurice Hamill, Jr.

Size	Special Short	Short
